Montana HIMSS Conference

National Nurses Week May 6 - 12

"I went into nursing informatics for the same reason I went into nursing administration. I felt that I could impact a greater number of patients and support a greater number of nurses."

Ruth Slater

HIMSS Nursing Informatics Committee member

HIMSS | #Nurses4HIT

Nursing Informatics 101

May 12, 2015

11:00 AM - 12:00 PM Central

Source: National Nurses Week

Virtual Event

In honor of National Nurses Week, please join us for Nursing Informatics 101 presented by Melissa F. Barthold MSN, RN-BC, CPHIMS, FHIMSS, Ruth MacCullum BS, RN-BC and Patty Guinn, RN. This presentation will focus on factors contributing to the growth of the nursing informatics specialty, highlight key findings from the 2014 Nursing Informatics Workforce Survey, identify the benefits of a Nurse Informaticist role in a healthcare organization and describe the critical factors for successful clinical system implementation.

Keynote speaker & schedule announced

[Register now for the Montana HIMSS Conference](#)

MT HIMSS is exceptionally honored to announce our 2015 Spring Conference Keynote Speaker, Lieutenant Colonel Sean J. McNamara.

As our opening speaker he will share one service member's perspective of being a medical mentor to the Afghan National Army, enduring an improvised explosive blast and traversing through multiple levels of healthcare on the way to recovery.
